

Iceland  
Liechtenstein  
Norway grants

*EMERALD project - European Network for 3D printing  
of Biomimetic Mechatronic Systems*

**EMERALD International Summer School on:**

# **3D printing in bio-mechatronics**

**12-23  
SEPTEMBER  
2022**

**WHO  
can apply**

Bachelor students (BSc)  
Master students (MSc)  
PhD students

**SPECIALIZATIONS:**

Manufacturing Engineering  
Bio-Mechatronics & Robotics  
Mechanical & Bio-Mechanical Engineering  
Computer Science & Automatics  
Science of Materials

**More details**

[www.project-emerald.eu](http://www.project-emerald.eu)

Registration until 9<sup>th</sup> of September 2022

Organized at the University of Agder, Norway by the EMERALD project consortium partners
