

Iceland
Liechtenstein
Norway grants

**EMERALD project - European Network for 3D printing
of Biomimetic Mechatronic Systems**

UiA University
of Agder

EMERALD International Summer School on:

3D printing in bio-mechatronics

**12-23
SEPTEMBER
2022**

**WHO
can apply**

Bachelor students (BSc)
Master students (MSc)
PhD students

SPECIALIZATIONS:

Manufacturing Engineering
Bio-Mechatronics & Robotics
Mechanical & Bio-Mechanical Engineering
Computer Science & Automatics
Science of Materials

More details

www.project-emerald.eu

Registration until 9th of September 2022

Organized at the University of Agder, Norway by the EMERALD project consortium partners
